

AIDKA RETURN TO RACING

Update as of 5th June 2020

NT – are off and racing

WA – Education days only with up to **45** Karts. Maximum **100** people including officials. (1 Kart = 1 Driver + 1 Crew)
NO SPECTATORS.

SA – Education days only with up to **40** Karts. Maximum **80** people plus officials. (1 Kart = 1 Driver + 1 Crew)
NO SPECTATORS.

QLD - Still no track activity at this stage

Every club must complete their required 'Covid Safe Plan' and submit to their local Government authority for approval. You must have this available at the club and send a copy, once approved, to AIDKA Secretary prior to any track activity.

All Persons entering a kart premises must complete the required 'Contact Tracing form'.

Normal Race/Education day AIDKA rules must be adhered to.

Canteens may be opened with restrictions.

Certain areas of the premises may be restricted or closed. Please respect these restrictions.

Pit area has restrictions that each individual site must be a minimum of 3 metres from any other site.

It is your duty, as members and clubs, to practice social distancing (1.5 metres) and good hygiene as much as practical.

All additional education days must be approved by AIDKA calendar committee.

We highly recommend that all nominations are received prior to meeting to control numbers.

Clubs with over-prescribed numbers of nominations can organise multiple sessions on the one day. (eg. Morning and afternoon sessions). The pit area must be cleared before second session participants can enter. Please allow a minimum of one hour between sessions.

The same Officials/volunteers are allowed for both sessions.

Clubs have been given detailed requirements and will advise all members and visitors of their clubs' individual restrictions when required. Please respect these restrictions as most are probably not their choice.
