1. RACE ORDER

The Race Order is as detailed at the bottom of these Drivers Briefing Notes.

It is the Drivers responsibility to be familiar with the order and to be at the Grid ready to compete. **If any driver is not on their allocated position on the outgrid by the white flag of the preceding race, the grid will be adjusted with all other karts moved up.** If the driver attends the grid after this time, they will start rear of field.

2. EVENT FORMAT

As per the prospectus for this event the format is **4 heats and a Final**. Grid Draws as per QuickGrid.

Heats will be 8 laps. Final will be 10 laps. Laps numbers may be altered if required by the Chief Steward.

Racing in both directions. Heat 1 will be Anti-Clockwise.

3. DRIVER REGISTRATION

Registration/Sign in will occur Friday 3rd May 2024 between 7.00am and 9.30am. Failure to sign in during this time will result in exclusion from the event (with the exception of Rookie competitors).

Three stations will be set up for competitors.

Station 1 – Indemnity Form. Please have your logbook and digital licence ready when you are registering. Any person over 18 MUST sign the indemnity form themselves. Any person under 18 will need a parent/guardian to sign the indemnity form. (Mobile reception at Loxton track can be fickle, so ensure that you open the AIDKA app when you have good mobile reception.)

Station 2 - Engine & Chassis Seals. (refer to section 5 below for more information regarding Engine & Chassis Seals). This is not applicable for Rookie Competitors.

Station 3 – Fuel & Oil Declaration. If you wish to check what you declared or make a change to what you nominated there will be an official available at Driver Registration to assist you with this.

4. PRACTICE

Interstate Competitors only will also be given 3 Laps in the **Clockwise direction** (to be completed in race order.) Please note there will be only 1 group per class. Drivers need to be ready on the Outgrid.

5. ENGINE & CHASSIS SEALS

Engine & Chassis Seals will be issued during Driver Registration. They must be fitted to the engine/chassis prior to the first heat.

Blue Seal = Chassis

Red Seal = Engine

If you need another engine seal during the meeting, please see Chris Sullivan (Chris will be introduced at Drivers Briefing on Friday, and will be located by the Scales). Only 1 replacement engine seal will be issued per class (or 2 engine seals for twin engine classes).

Drivers & Pit Crew please familiarise yourself with Appendix F ahead of attending the Titles.

When fitting the seals to the chassis and engine do not pull the seal tight (like you would a cable tie). You should be able to put a finger through the middle of the seal gap. It should be relatively loose fitting with 10 -15mm of cable left after trimming the excess.

6. FUEL TESTING

Fuel Testing will be conducted over the weekend. Drivers will be chosen randomly for Fuel Testing.

Please ensure you are complying with the 2024 AIDKA Rule Book and in particular the changes made to Rules 24.2a to 24.2h. The notification of these changes which were implemented effective 01.09.2023 can be found at the following link: http://www.aidka.com.au/wp-content/uploads/2023/07/Fuel-Rule-Change_eff-1-Sept-2023-1.pdf

7. SCALES

Drivers will be instructed to go to the scales by the Scales Marshal and/or Ingrid Marshal. Drivers will be chosen randomly for weighing.

Please follow instructions and attend when requested. Failure to do so may result in disqualification from your heat race.

Maximum kart weight will be checked during the meeting. This may be done after individual karts are placed on the outgrid.

8. CAUTION LIGHTS

Lights will be used for signalling around the track.

Yellow lights will be used to control form up and will warn of any on track incidents. When a yellow light is shown, drive with caution and do not overtake until past the next light point not showing a yellow light.

Red Lights will be used in the case of a red flag incident. In the case of a red-light stoppage, no unauthorised persons are to enter the race arena unless instructed by an official.

Blue Flags will be given by the starter to indicate if you are being lapped. If you receive the blue flag, hold your race line.

9. PUSHERS AND BAULK LINES

It is the driver's responsibility to ensure you have pushers when attending the Outgrid.

Quad Bikes will not be used to push start karts at all during this event.

All karts must enter the track from the outgrid. No karts are to be placed on the track to be pushed away.

If your kart is not under its own power by the marked location (baulk line), you are required to remove your kart from the track. This is indicated by a **BLUE PAINTED TYRE BUNDLE** and will be identified by Chief Steward during the Driver's briefing on Friday.

As per Appendix A Rule 25 any karts stopping due to contact on the formation laps will be given an opportunity to restart. No kart is to receive assistance to start once the baulk line is passed in all other situations (excluding assistance to start following a red-light situation). Pushers will be released from the Outgrid under the instructions of the Outgrid Marshall as and when required.

If your kart comes to a stop once on track, the driver is to raise their hand to signal to other drivers, and when safe to do so, remove their kart from the track.

10. STARTS

Approach the starter at a **consistent** speed in two straight lines. The pole position holder determines the speed of the rolling start. This speed shall not be excessive as to make it difficult for the karts at the rear of the field to keep formation.

No kart, including the pole position holder, will accelerate or break formation until the start signal is given.

Karts are to remain in formation during the form up laps. From the exit of the cut through on the approach to the main straight in both directions, breaking formation to weave on the track (e.g., clear motors etc) is not acceptable, and karts doing this may be penalised.

11. RESTARTS

As per Rule 14.10 a restart will occur when 3 or more of the field stop in the first corner following the start of the race.

The first corner is defined by **ORANGE PAINTED TYRE BUNDLE** on the outside of the track and the infield in both directions. The Chief Steward will point these out during the Driver's briefing on Friday of the event.

As per Appendix A Rule 25 any karts stopping due to contact on the formation laps will be given an opportunity to restart.

12. CUT THROUGH

Will be used when required in formation laps.

Karts are to use the cut through for each formation lap until the green flag is given (excluding practice).

Please take the time to familiarize yourself with the changes to Rule 14.24 as stated below:

Any driver not taking the track proper of the day maybe subject to a penalty. Once the race commences, any driver using the track cut through / roll through in full will be excluded from the race. Where possible the driver will receive the black flag during the race.

Markers (one at each end of the cut through) will be in place to delineate the "cut through". The Chief Steward will point these out during the drivers brief. Drivers that pass both of these markers on the cut through side (non-track side) will be deemed to have used the cut through in full.

13. JUNIOR ASSISTANTS

Officials require eight (8) Parents/Pit Crew on the infield of the track to assist Drivers remove their karts from the track if they come to a stop. The pushers for the karts on the first 8 grid places will be required on track for this role. A maximum of 8 parents or guardians are required on the infield.

- Where they will stop to the inside of the track.
- If the accident is between themselves and the finish line, then they must safely stop their kart **prior** to the accident/incident and not pass the accident/incident.

Drivers are **NOT** to block the ambulance entry point onto the track. Please ensure you stop clear of the entry gate (which will be pointed out to you during the Drivers Brief on Friday) Please keep this area clear.

Karts will remain within the race arena for the duration of the red flag stoppage, and pushers/pit crew will only be released under the instruction from the Outgrid Marshall. Please follow the instructions of the officials. Please note as per Rule 14.17 all restarts are to go back to the lap prior to the incident causing the race stoppage. Only drivers that are recorded as completing this lap will be eligible to restart provided they have not been the kart which has rolled over or deemed to have caused the race stoppage.

If required drivers will be permitted to add tear offs during the stoppage. No kart is to be allowed to have any mechanical adjustments made to it that requires tools of any kind once the kart has been pushed off from the outgrid, including (but not limited to) fuel, chain lube and cable ties.

15. RACE FINISH

Once the chequered flag is shown, slow to a reasonable speed to return to the Ingrid. Slow your kart on track before entering the Ingrid. Await further instructions from the Ingrid Marshall.

When racing in a Clockwise direction (i.e. left out the Ingrid) please complete 1 full lap using the track proper (i.e. do not use the cut through) before entering the Ingrid at a safe and reasonable speed.

No parents or pit crew are permitted to enter the Ingrid until advised by the Ingrid Marshall. No items are to be passed to any driver's whilst they are on the Ingrid.

Upon the karts entering the Ingrid, the driver is to remain seated in their kart until the all clear is given by the Ingrid Marshall or appointed Official.

These karts & drivers will then be directed through to scales and fuel testing. Once this is done the karts will be taken through to engine measuring. ***Please ensure you follow the instructions of the officials.***

Whilst in the engine measuring compound area please note only the driver, and a maximum of 1 pit crew is permitted.

Please note: Any engine used over the event must be presented to engine measuring with the engine seal intact.
